Please present your primary coverage ID card as well as your VISTA Healthcare Allowance plan ID card to your provider at the time of service. If your primary coverage requires a copayment at time of service, please encourage your service provider to file the reimbursement request directly with International Medical Group, Inc. as opposed to requiring payment from you.

Provider Reimbursement/Copayments

Providers should send the copayment invoice along with remittance advice directly to:

Member Reimbursement

If the service provider or insurance company requires payment from you directly, please proceed with the reimbursement request instructions below.

1. File all healthcare expenses first under your primary healthcare plan.
2. You will receive an Explanation of Benefits (EOB) statement from your primary health plan indicating how that plan processed and paid the healthcare expenses. If the EOB statement shows that eligible charges were applied toward the primary plan's deductible, coinsurance or copayments, a claim for reimbursement may be filed under the Healthcare Allowance plan.
3. Complete the Healthcare Allowance Reimbursement Form which can be found on the americorpsvista.imglobal.com website along with:
 - Your Explanation of Benefits (EOB) or other statement of patient responsibility received from your health insurance provider, or
 - Original paid receipts indicating type of payment, e.g. Co Payment, Out of pocket expense, Dental or Vision expense.

Upon receipt of the completed information, IMG will promptly process and return the appropriate payment using the method you have indicated. You may receive reimbursement from your Healthcare Allowance plan via check or ACH transfer direct deposit into your bank account.

Please note: Reimbursement filing instructions for both providers and members are located on the back of your ID card.
